

FIRST ANNOUNCEMENT

1ST CHINA-KOREA ADVANCED OPTICAL TECHNOLOGY WORKSHOP

DATE

19–23 October 2026

MAIN VENUE

Lushan Hotel
Jiujiang, Jiangxi, China

TECHNICAL VISIT | Nanjing, 19 October 2026

ABOUT THE WORKSHOP

The First China-Korea Advanced Optical Technology Workshop will bring together researchers and engineers from China and Korea for scholarly exchange, technical discussions, professional networking, and future research collaboration in advanced optical technologies.

PROGRAM HIGHLIGHTS

- Plenary and invited lectures by specialists from China and Korea
- Focused discussions and opportunities for future collaboration
- Technical sessions on current research and emerging ideas
- Visits to a large-scale optical research facility and laboratory

ORGANIZED BY

Jiangsu Astronomical Society

CO-ORGANIZED BY

Optical Technology Division,
Optical Society of Korea

Tentative Program

19-23 October 2026 | Main venue: Jiujiang | Technical visit: Nanjing

19 OCT
MONDAY

Nanjing Technical Visit

Visit to a large-scale optical research facility, followed by transfer to Jiujiang.

20 OCT
TUESDAY

Opening and Technical Sessions

Registration, opening session, plenary and invited presentations, group photo, and banquet.

21 OCT
WEDNESDAY

Technical Sessions and Discussion

Morning presentation sessions, followed by an afternoon technical discussion.

22 OCT
